1. INTRODUCTION

Welcome to the website (<https://complaint.pta.gov.pk/userlogin.aspx>) User Manual for the Complaint Management System (CMS) of the Pakistan Telecommunication Authority (PTA). This website has been developed to provide telecom consumers with a convenient, efficient, and user-friendly platform to lodge and track complaints related to telecommunication services.

The CMS website serves as a bridge between consumers and service providers, enabling users to register complaints, monitor their status, and receive timely updates—all from the convenience of their user profiles on CMS website. It reflects PTA's ongoing commitment to enhancing consumer protection, ensuring transparency, and improving the overall quality of telecommunication services in Pakistan.

This user manual is designed to guide you through the key features of the website, including account registration, complaint submission, status tracking, and feedback provision. Whether you are a first-time user or a frequent visitor, this manual will help you navigate the website effectively and make full use of its functionalities.

Let's get started in making your voice heard.
